About this property

LAGOM is a Swedish term that celebrates balance and harmony. It signifies "the right amount," avoiding excesses and extreme limitations, enabling us to better grasp what brings us happiness and contributes to our mental well-being.

Be Lagom is a commitment to living a holistic experience that encourages you to indulge your five senses: hearing the soothing sounds of water and the earth beneath your feet as you walk; feeling the damp earth underfoot, touching and harvesting fruits from the orchards; inhaling the fragrant scent of flowers; savoring the experience of cooking with home-grown vegetables, and, of course, relishing the sea, sun, and gardens.

The project incorporates pergolas, water features, footpaths, gardens adorned with blossoms, fruit trees, and indigenous flora, as well as private gardens, all encompassed within 5,000 square meters of Mediterranean gardens. Thirteen luxurious villas in perfect harmony with the natural environment of Benahavís.
